LANGUAGES

- ENGLISH
- TAMIL

SKILLS

- Electrical systems and controls
- Matlab simulations and programming
- Basics of python programming
- Circuit designing using PROTEUS
- MS Office

OBJECTIVE

Dedicated and detail-oriented electrical engineering graduate seeking an entry-level position to apply my technical skills and knowledge in circuit design, power systems, and automation. Eager to contribute to innovative projects and collaborate with a dynamic team to develop efficient solutions in the electrical engineering field.

EDUCATION CREDENTIALS

2021-2025

BE-Electrical and Electronics Engineering

Government college of Engineering –

Srirangam, Trichy. CGPA-7.4(Till 6th semester)

2019-2022

DIPLOMA

Muthayammal Polytechnic College

Percentage -92.4

2018-2019

SSLC

Gandhi matric higher secondary

school Percentage-53.6

INTERNSHIP

National Small Industries Corporation, Chennai,

1 Month Gained theoretical knowledge on basics of electrical and electronics, Embedded System, IOT (Internet of things), PLC (programmable logic controller)

Gained practical experience Simple Circuit Designing
